STATE NEWS.

The 68th annual Caledonia county fair will be held at St. Johnsbury next September 8, 9, 10, and 11.

The total receipts in 1913 at Hennessey hospital, Montpelier, were \$28,834.41, and the total disbursements amounted to exactly three cents less than that amount.

From a flock of 14 hens Royden Bishop of Rutland got 211 eggs in January. One of the eggs weighed six ounces and measured 9 1/2 by 7 1/4 inches.

One hundred arrests were made in Montpelier during 1913. Of these 80 were for intoxication and breach of the peace. Thirty-six paid fines and the same number went to jail.

The operating revenues of the Rutland railroad for December were \$219,769.38 and the operating expenses \$240,372.02, giving a net operating revenue of \$51,392.76.

The Blair Veneer company of North Troy has purchased of H. B. Parker & Son the sawmill, piano sounding board and box factory, with the land and buildings connected with the business and all equipped.

The loss suffered by fire in Rutland during 1913 amounted to \$25,193.01, say Chief Engineer J. C. Dunn in his annual report. Nearly \$100,000 worth of property was endangered. The department responded to 78 alarms during the year, of which 10 were false calls.

Mrs. Clarence E. Weldon of Springfield is in a serious condition as the result of burns received when her night clothing caught fire from a match which she lighted to assist her in finding a key supposed to have been placed beneath a door by her husband, who left the house earlier in the day. She was terribly burned upon her back, legs and one wrist, but it is thought she will recover.

Thomas Flemming, who is employed by the Hampshire State company at one of their quarries, which are located about two miles north of Fair Haven, was quite seriously injured at about 11 o'clock Monday morning when a stone falling from the top of the quarry, hit him on the head, fracturing the skull and cutting him about the face in several places.

C. S. Jones, an employee of the Vermont Power Manufacturing Company at the Messier Paper and Pulp Mills at Sheldon Springs, fell from a staging Tuesday morning to the cement floor twenty feet below, striking on his head and shoulders. He sustained concussion of the brain. He was brought to the hospital, where he remains unconscious.

Elizabeth, the six-year-old daughter of Mr. and Mrs. L. J. Harlow of Stowe, met with a serious accident while sliding Friday morning. The child, who was out alone, was found by her sister at the foot of a steep hill. Apparently the sled ran into a fence post, breaking her right leg above the knee. She had been on the snow for an hour and a half and was nearly frozen.

Fire starting in the store owned by James Clary in the Hamlin block at Burlington Saturday morning gutted the store and adjoining tenement and caused considerable loss to the other tenements on the second floor of the building and the hall on the third and top floor. The families in the block were forced to flee outdoors with only scanty attire. The fire caught from an electric wire. Mrs. George Lonsbury who lived directly over the store, was awakened by the smoke coming up through the ventilator and she immediately aroused the rest of the family, including four small children and her father, Paul Plant, and then rang in an alarm.

Increased attendance at all churches Sunday marked the observance of "Everybody-at-Church Sunday" in Belows Falls. An active campaign had been carried on by the churches and in the Protestant and Catholic services the pastors and rectors spoke of the movement. Special music was rendered in several of the churches. As the Universalist church is without a pastor at the present time, Rev. Lee S. McCollister, dean of Tufts college, was the preacher.

The "attend church Sunday" campaign resulted in an increase of 50 per cent in church attendance in Montpelier Sunday, special sermons being preached in all churches. The movement was advertised through the newspaper and in various other ways during the week and church members were appealed to to bring friends with them. Some citizens who have not been in church for years, except at a funeral service, were noticed in the audiences. The ministers are pleased with the attendance and consider the plan a success.

The body of Chin Kim, the Chinaman who was found dead Friday morning, lying in a pool of blood in the rear of his second hand store on Catherine street, in St. Albans, was taken to New York Sunday night. Charlie Sing of Burlington, a cousin of the dead man, and Hinting Wong and W. K. Lam, the two latter students at the University of Vermont, arrived in the city Saturday evening to take charge of the remains of Chin Kim's property. Sing, who is in the laundry business in Burlington, says he is the only relative of Chin Kim in this country and he will claim the estate, which is estimated to amount to between seven and eight hundred dollars.

The first serious coasting accident in Rutland this winter occurred Sunday afternoon at the corner of Nichols street and Kendall avenue, when a traverse steered by Claude Watkins, the 14-year-old son of Mr. and Mrs. E. S. Watkins of Nichols street, collided with a sled bearing among others Maurice, the 12-year-old son of Dr. and Mrs. A. H. Bellerose, leading to particularly grave consequences for young Bellerose. Both boys were injured, and Watkins is confined to the bed at his home by shock and bruises. The Bellerose boy, who was unconscious for several hours after the accident, was rushed to the Rutland hospital, where his condition Sunday night was critical. He regained consciousness about 7 o'clock and this led the physicians attending him to hold out hope of his recovery. While it is not known as a certainty, it is supposed the boy had escaped a fractured skull. Nearly all the injuries were to the head, which was cut and bruised in a dangerous manner.

HARMONY HAIR BEAUTIFIER

Is just what its name implies.—Just to make the hair glossy, lustrous, more beautiful.—Just to make it easier to dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure.

It leaves a delightful fresh and cool effect, and a lingering, delicate perfume. Will not change or darken the color. Contains no oil; therefore doesn't leave the hair sticky or stringy. Simply sprinkle a little on your hair each time before brushing it. But first, make sure that your hair and scalp are clean, by using

Harmony Shampoo

—A liquid shampoo to keep the hair clean, soft, smooth and beautiful. It gives an instantaneous, rich, foaming lather, penetrating to every part of the hair and scalp. It is washed off just as quickly, the entire operation taking only a few moments. It leaves no lumps or stickiness.—Just a refreshing sense of cool, sweet cleanliness.—Just a dainty, pleasant and clean fragrance.

—Both in odd-shaped ornamental bottles, with sprinkler tops.
